# Hospice OF CENTRAL IOWA

*Comfort. Dignity. Peace of Mind.*

November, 2005

Tammy Rogers, The Meyvn Group, has just completed the first of three sessions she will facilitate for Hospice of Central Iowa staff. We contracted with Tammy after one consulting session she held with some administrative staff. During the initial conversation with Tammy, she was identifying and connecting to the organizational needs we were expressing. She was able to take her understanding of our request for assistance and create a program specific to our expressed needs and our specific staff culture.

Tammy spoke to and facilitated this first session to over 100 employees. She engaged the staff in her "process" immediately. She kept the staff "wrapped up" in her progression throughout the hour, and left staff with the desire to have "more" of what she was offering! Tammy was professional, engaging, funny, easy to listen to, and easy to understand. She knew what we wanted; she delivered 100%.
